Secretary - All is well. Apologies for not showing up last month. If anybody is willing to put in a nomination for this position please do so. We are past our yearly election time and have only a couple nominations.

RCM – I'm a grateful recovering addict named Terry G. All is well as to be expected

considering life on life's terms. The next Regional meeting will be hosted by the KORA (Kentucky Ohio Area) on Jan. 9th & 10th of 2021. Regional minutes are available at NAOHIO.org from last quarter Oct. 10th & 11th. No motions are to be brought back to the groups. Nominations for open positions have been taken back to the groups though. Those open positions are for Vice Secretary and Policy Coordinator. Thank you for the revised schedule on our area website, this way a more accurate RCM report can be made as far as group meetings that are open or closed. There are also some hybrid meetings that are available in our area so this would be good to know for our region. We discussed having virtual regional and area meetings in the near future. Thanks for allowing me to serve. In loving service, RCM Terry G. (NWOASC)

RCM Alt. - Open

Treasurer – No report. \$90 in group donations.

P&A – Open

Hospitals & Institutions Report - Open

Public Relations - Open

Activities – Open

Literature Report – No purchase was made mostly because we have about \$450 in the account right now and that money can go towards whatever bills we have to pay. Thought it was best to not make a purchase due to priorities and area account being low. Plan on stepping down very soon because I've been in the position for over a year. Hopefully somebody else will have the willingness to do it. We have area schedules and will be printing out more. Don't know how long they will be accurate.

Lifeboat - We have changed meeting locations to get out of the cold. Area schedules are partially accurate because they have the right address but the name of the location is wrong. We are now at Covington Green Apartments clubhouse at 2111 Milestone Dr. in Findlay, Ohio. Very nice location that we have been blessed with.

Old Business

Phone line - Google voice is around \$20 and we can use our personal phones with all the same number. When someone calls in every person that's connected to it will ring and the first person to answer can take the call. The only problem is they will not roll over our old number. Not keeping the old number might not be a bad thing since the old number is currently not active. Unfortunately, without much group support right now it is hard to make a decision to do something without having the funds to do so. Maybe we as members can start reaching out to meetings in the area to get them involved and to get their monetary support to do these things. Getting our area on a Zoom platform might help to get people involved.

New Business

Motion to allow our web chair to set area up on a Zoom platform so we can do hybrid meeting and as an option if there is a shutdown made by Branden J. Terry G. seconded that motion.

Zoom ID - 793 381 0375

Zoom Password - 1953

Discussions on not spending unnecessary funds motion has been tabled until next month.

Nomination for Darnell as Activities Chairperson. Passed unanimously.

Meeting closed at 6:08pm with the Serenity Prayer.
